DEA Memo, 4 Apr 77

Auth: DDA REG. 77/1763

Date: 07/02/78 By:

17 FEB 1960

CONFIDENTIAL

MEMORANDUM FOR:

Director of Training

ATTENTION:

SUBJECT:

CIA Training of U. S. Armed Forces

REFERENCE:

OTR memorandum of 20 January 1960,
subject as above

25X1A

1. Attached is a schedule showing the man-hours expended by the War Plans Staff for training of the U. S. Armed Forces during CY 1959. This has been broken down into four categories: Lecture, Lecture Preparation, Administration, and Travel. In all cases, the time has been computed on the basis of an eight-hour working day. In certain instances, notably travel, the amount of time has exceeded eight hours; however, since it has not exceeded one calendar day, it is shown as only eight hours.

2. In answer to the specific questions posed in your memorandum:

a. With a permanent ten-man staff, WPS has devoted a total of 44.75 man-days to this type of training during CY 1959.

b. There is a uniform policy in WPS that we accept all training requests from the Armed Forces which are in any way reasonable and pertain to our area of responsibility. To date, all requests have fallen within this category.

c. The only instance we know of a training request being denied was the denial of an informal verbal request from the JCS to increase the number of spaces for last year's Project USEFUL. This request was made after the Project was organized, and it was refused by OTR because of lack of availability of a larger room in which to conduct the course.

Chief, War Plans Staff
